

SCIENCE Hack Day

Get excited and make things ...with science!

Your sponsorship helps keep Science Hack Day a free and fun event for the community to attend. Science Hack Day is organized by volunteers and wouldn't be possible without sponsors. It's only due to the graciousness of our sponsors that we'll all be fueled with food, drink, shelter, and the various technological necessities for our hacking.

The following sponsorship levels are available. We're open to discussing other ideas, so feel free to contact us!
